❑ Navigate to the Ideathon (Option 2 – Navigate from Bluebolt)

iSpace Toolkit

To Access iSpace CII Toolkit log into <https://ispace.cognizant.com/> and use the “Toolkit” Option.
CII Toolkit is open to all Cognizant Associates.

The screenshot displays the iSpace Toolkit interface. At the top, there is a navigation bar with the iSpace logo, a 'Discover' button, a 'Toolkit' button (highlighted with a red 'New' tag), and a user profile for 'Suma, U V'. The main content area is divided into two sections. The left section, titled 'Discover', contains text about Cognizant's focus on customer-centric innovation and the CII program. The right section, titled 'Ideate', shows a circular diagram with four phases: Discover, Ideate, Plan, and Implement, connected by dashed lines. The background features a network of blue dots and lines.

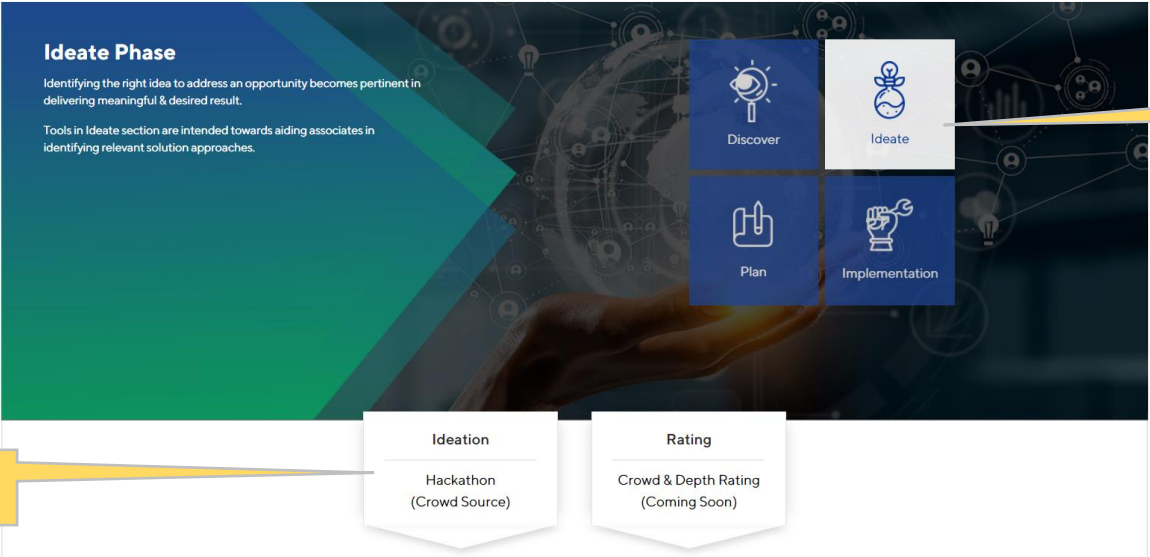

Since its inception, Cognizant has been focused on customer-centric innovation, constantly searching for new and different ways to solve client problems and build stronger businesses. Innovation in Cognizant is critical across all three horizons of business, but takes different forms. **At our core (H) innovation is about continuously finding new ways to Run Better, and is driven through the CII program.**

Continuous Improvement, is focused on predictability and optimizing the existing operation to deliver service reliability and cost control while Continuous Innovation is exploratory.

CII lays its emphasis on creating value, cost Reduction, and performance Improvement by Improving the quality of Services by bringing together the varied innovation levers like Lean-Six- Sigma, Managed Innovation, Best-In-Class and Continuous Service Improvement. The program adopts a well-executed methodology going through the 4 phases of Discover, Ideate, Plan & Implement, to help our clients achieve their business objectives.
