Hello Everyone,

We are seeing a surge in the demand for Cognizant's services from our clients. To capture this demand and grow, it is imperative that we hire good talent into the firm quickly. We need your active participation in hiring good talent. TAG has started the PDP hiring process since Aug, and many of our current demands are getting fulfilled with the selections that we had done in Aug. Thanks to all of you who participated in building this pipeline so far. We need to continue these drives, so that we are able to constantly fill these demands for the subsequent months.

Pls fill this sheet by end of day today, as TAG has to plan for the immediate drives that are scheduled for this week -12th Oct and 14th Oct.

Appreciate your support in being part of this critical exercise for the company.
