Bluebolt Central – 8ᵗʰ Nov Release Notes

S.No	Features released
1	**Contract ID mandated** ○ System will mandate capture of Contract ID against all the ideas reporting Cognizant revenue to enable further data trail into Cognizant revenue reporting.
2	**Precedence logic change for benefit governance in iSpace** ○ **Before release :** All ideas reporting a combination of Client hard dollar benefits and Cognizant revenue benefits were mandated to report only Client testimonial details including testimonial category and client name and designation considering the precedence given to client benefits. ○ **After release** : All ideas reporting a combination of Client hard dollar benefits and Cognizant revenue benefits will be mandated to provide all details related to both the benefits. Ie. Client testimonial categorization, client name and designation will be mandated for Client benefits and EDP name and designation will be mandated for Cognizant revenue benefits.
3	**Validation based on Idea Stage** ○ Going forward only ideas with 'idea stage' as "Approved for implementation" would be allowed to take the ideas forward for implementation. The submit button will be disabled for all other idea stages.
4	**PP Defects:** ○ Mail trigger issues in hackathon module has been resolved. ○ Winzone Opportunity mapping related issues have been fixed. ○ Revoked Bluebolt Champion access has been reinstated.
5	**Performance tuning:** ○ As part of phase 1 of performance tuning exercise taken up for Bluebolt central, performance of some of the critical pages have been improved.

**Reference presentation attached for further details on each of the released features
