# Steps to register Curriculum code in Cognizant LEARN

1. Please open CLEARN from "be.cognizant" link https://be.cognizant.com/ then Select "OneCognizant" Or open LEARN from the link :

   **https://cognizantlearning.sumtotal.host/Core/dash/home**

2. Search for the corresponding Curriculum code of the GCP Certification in the search bar.

3. Click on **"Register"**

4. Select "**Activity**" under Certification name.

5. All the courses will appear in the list.

6. Click on "Start" next to each activity to begin learning

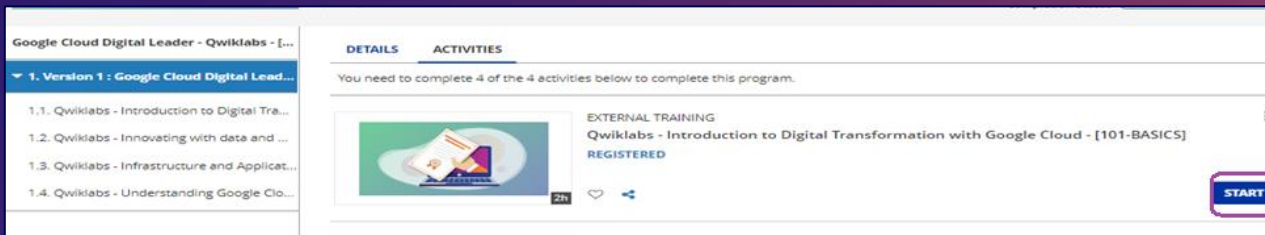

These steps are to be followed to track the GCP Certification registration in CLEARN. However, the learning paths have to be completed in Qwiklabs.
